

7-9 MIDDLE SCHOOL EDUCATION

At **St Mary MacKillop School** we are excited to offer Middle Schooling education from 2022 for Years 7-8; and Years 7-9 as of 2023.

We have designed a specialist facility that will provide an excellent learning space to teach the Australian Curriculum, whilst fostering a culture of engagement, connectedness, and personalisation.

We recognise that each student will bring with them a unique set of skills, talents, and interests. We value every student as an individual and will offer a personalised learning experience, supported by the use of new cutting-edge technologies; links to surrounding organisations and their facilities.

Students will be supported by specialist teaching staff who will actively work in partnership with families to maximise student engagement and achievement.

At **St Mary MacKillop School**, each student will be encouraged to embrace leadership opportunities to continue to develop self-confidence, build positive social skills and relationships, and achieve academic and personal success.

As part of our transition program, new Year 7 students will enjoy transition and orientation days to promote positive relationship and school connectedness.

"Proudly offering a personalised education for your child"

"St Mary MacKillop School providing a Catholic education: where our students thrive as capable learners and become leaders for the world they and God desires."

*Make an appointment today to meet
Ms Michelle Miller and Ms Lisa Caffyn
and take a tour of our new purpose-built facilities.*

7-9 MIDDLE SCHOOL

SCHOOL FEES 2022

Our commitment to our school families is to offer a high-quality Catholic education that is accessible and affordable.

2022 7-9 (per student)

Full Fee \$1,990

Lower Income \$1,194

CO-CURRICULAR ACTIVITIES

At **St Mary MacKillop School**, we recognise that learning takes places in many ways, and we will encourage our students to participate in all aspects of life, including school-captain, house-captain, and student leadership; clubs and social action groups; choirs; visual arts exhibitions and performances; a wide range of sports.

MICRO-CREDENTIALLING

Students will have the opportunity to engage in short courses providing learning experiences with a range of different qualifications. Such as, a Barista course, where students will receive a qualification in coffee making whilst gaining an understanding through their learning about the coffee industry.

SCHOOL BUS SERVICE

We offer a daily morning and afternoon bus service from Kadina, Moonta, Port Hughes and Moonta Bay.

Meet our Middle School Leader

As **St Mary MacKillop School** moves forward into secondary education, I am excited to be part of this progression. For ten years, I have been a member of St Mary MacKillop School and during this time have witnessed firsthand the growth in our school.

Our Middle School features state of the art design and will be equipped with all the resources your child will need to complete a comprehensive education. With a background and passion in secondary education (I have previously taught science, maths, physical education and home economics), I look forward to working within this setting once more.

I am excited that **St Mary MacKillop School** will be able to offer secondary education, while providing deep connection to parents at this transformative time in your child's life. Our aim is to tailor learning programs to meet each child's needs.

Ms Lisa Caffyn
